Innovative Design Options

StoneTransitions™ Architectural Trim products offer a complete range of design options. From commercial to residential, our trims are designed to work with natural & manufactured stone veneers as well as stucco wall surfaces. Our profiles and textures provide design options to complete your project.

Durable, Functional & Easy to Install

StoneTransitions™ Trim products are cast with integral color and many profiles meet the adhered veneer installation criteria. Our trim products are dimensionally accurate for ease of layout and installation.

Elegant & Maintenance free

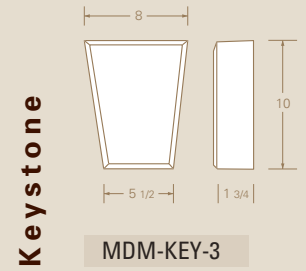

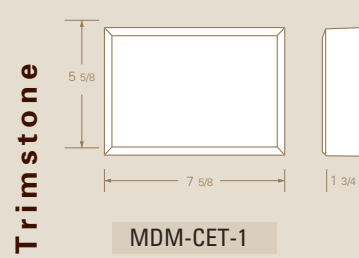

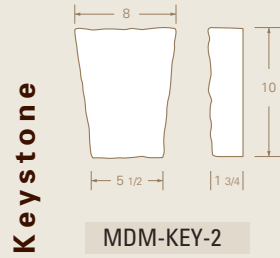

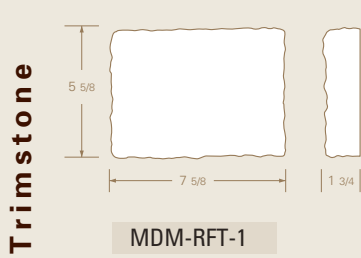

No painting, peeling, splitting or warping. Our 3500 psi solid-cast trim products are not susceptible to rot or insect attack and withstand even the harshest climates. StoneTransitions™ Architectural Trim products add the perfect maintenance free finishing touch for all your trim needs.

Colors & Texture

Printed in the USA

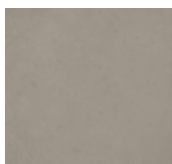

Colors are integral and require no additional treatment or finishes. Our color selections enable you to match and color coordinate with all of our StoneTransitions™ architectural profiles such as wall and pier caps, window and door trim and other products.

**Colors and textures shown are as accurate as color printing allows. Please request actual color samples for final specification. Cast material color and texture will vary. Please review our specifications for more detail.*
