Pier Cap Flat

Innovative Design Options

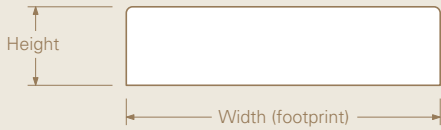

From commercial to residential, the StoneTransitions™ line of concrete wall and pier caps are solid-cast with permanent integral pigments. Our colors are designed to match and enhance today's stucco, natural stone, manufactured stone, brick and block.

Colors & Texture

Colors are integral and require no additional treatment or finishes. Our color selections enable you to match and color coordinate with all of our StoneTransitions™ architectural profiles such as wall and pier caps, window and door trim and other products.

**Colors and textures shown are as accurate as color printing allows. Please request actual color samples for final specification. Cast material color and texture will vary. Please review our specifications for more detail.*
